## Strings by Mail individual basses

I noticed that at Strings by Mail a 6th string from a normal tension set is a .043 diameter string and costs \$2.50. But if you buy a .043 string from the "specialty strings" individual wound strings it's only \$2.29.

So if you're going to buy single strings from a set, check the specialty string section under D'Addario first to see if the same string is cheaper there.
